### **RESEARCH & ANALYSIS**

# Montana's Yellowstone Bank tops 2020 ranking of bestperforming small banks

Tuesday, March 23, 2021 1:31 PM CT

By Zuhaib Gull and Zain Tariq Market Intelligence

Sutherland, Mont.-based Yellowstone Bank topped S&P Global Market Intelligence's 2020 ranking of the best-performing U.S. community banks under \$3 billion in assets.

# **Top 3**best-performing community banks of 2020 under \$3B in assets

Data compiled March 8, 2021. PPP = Paycheck Protection Program Source: S&P Global Market Intelligence

The century-old bank operates eight brick-and-mortar branches and one facility branch across six cities in Montana. The bank had a strong 2020, powered by a 20% increase in assets and a nearly 29% jump in net income, all while maintaining a 36.7% efficiency ratio and zero nonperforming assets or loans 90-plus days past due as of Dec. 31, 2020.

Noninterest income also more than tripled at Yellowstone, from \$3.7 million in 2019 to \$12.7 million in 2020.

The bank outperformed the industry median in all six of the ranking metrics in 2020 and outpaced the top 100 median in all but return on average tangible common equity and operating revenue growth.

### About this analysis

To compile this ranking, S&P Global Market Intelligence calculated scores for each company based on six metrics, weighted: pre-tax return on tangible common equity (25%), efficiency ratio (15%), net interest margin (15%), operating revenue growth (20%), leverage ratio (15%), and nonperforming assets and loans 90 days past due as a percentage of totals assets, net of Paycheck Protection Program loans (10%). Each company's standard deviation from the industry mean was calculated for every ranking metric, then combined to derive a performance score. To help normalize the data and mitigate the impact of outliers, caps and floors were applied for each metric.

Criteria for the ranking included total assets of less than \$3 billion, net of PPP loans, a gross loans and leases-to-total assets ratio, net of PPP loans, of at least 25% with no more than half of those loans in credit cards, a leverage ratio of at least 5%, no active severe enforcement action, a result other than "substantial noncompliance" in the bank's most recent CRA exam and no more than half of the entity's revenue coming from nontraditional banking activities. Additionally, companies with a bankers' bank certification, and banks with parent companies that had \$3 billion or more in total assets, adjusted for the exclusion of PPP loans, were omitted.

Based on the above criteria, 4,287 banks and thrifts were eligible for ranking.

Murray, Utah-based FinWise Bank took second place in this year's ranking following a massive surge in the bank's loan portfolio thanks to Paycheck Protection Program loans. The bank's \$264.1 million in PPP loans at the end of 2020 accounted for 40.6% of the bank's entire loan book. However, that is down from its 54.6% concentration at the end of June 2020, when it was the 17th most-concentrated bank in PPP loans in the country, according to an S&P Global Market Intelligence analysis. The bank's yield on consumer loans of 58.6% for the year exemplifies its successful strategic partnerships with third-party firms.

Salem, Oregon-based Willamette Valley Bank came in third in 2020, helped by a near-doubling of net gain on sales of loans and leases during the year, which in part led to a ROATCE of 83.23%.

PD = past due; PPP = Payment Protection Program; ROATCE = return on average tangible common equity; CRA = Community Reinvestment Act S&P Global Market Intelligence used six metrics to identify top-performing U.S. community banks under \$3 billion in asset size, adjusted to exclude PPP loans, by applying weights to each metric. The mean for each metric was identified across the data set, and standard deviations from these means were calculated for each metric for each institution and aggregated to determine a relative performance score. Scores for each metric were also capped to help normalize the data.

Criteria for the ranking included a gross loans and leases-to-total assets ratio, net of PPP loans, of at least 25% with no more than half of those loans in credit cards, a leverage ratio of at least 5%, no active severe enforcement action, a result other than substantial noncompliance" in the bank's most recent CRA exam and no more than half of the entity's revenue coming from nontraditional banking activities. Additionally, banks with parent companies above \$3 billion in total assets, adjusted for the exclusion of PPP loans, were omitted. Bankers' banks are also excluded.

Represents all eligible banks in the analysis.

Rankings are based on 2020 regulatory filings. All ranking metrics must have been reported for company to be included. Source: S&P Global Market Intelligence

Missouri placed 13 banks in the top 100 in 2020, more than any other state. Kansas City, Mo.-based North American Savings Bank FSB came in 4th in this year's ranking and was also the largest among the top 100.

## 100 best-performing community banks of 2020 under \$3B in assets

Criteria for the ranking included total assets of less than \$3 billion, net of PPP loans, a gross loans and leases-to-total assets ratio, net of PPP loans, of at least 25% with no more than half of those loans in credit cards, a leverage ratio of at least 5%, no active severe enforcement action, a result other than "substantial noncompliance" in the bank's most recent CRA exam and no more than half of the entity's revenue coming from nontraditional banking activities.

Additionally, banks with parent companies above \$3 billion in total assets, adjusted for the exclusion of PPP loans, were omitted.
